OVER 500 VISITED "COW SOW AND HEN" TRAIN IN QUEST OF INFORMATION

That many in Comanche county are interested in more poultry and better poultry, more dairy cattle and better dairy cattle, and a reasonable number of good hogs on every farm in Comanche county, getting all the information that they can to enable them to more successfully raise and market was shown by the large numbers visiting the "cow, sow and hen" train of the Cotton Belt railroad in Comanche last Saturday.

At 3 o'clock in the afternoon Craig Rosborough, who was a member of the party, and who made a large number of acquaintances and friends on his recent visit to Comanche with the Cotton Belt's "Better Orchards" train, said that he estimated that 400 had visited the train up to that hour and that they were all people coming for real information. The number did not include children or mere sightseers.

It is a safe estimate that another hundred or so visited the train before the close of the day, so that there were something over 500 people availing themselves of the information to be gained from the exhibits and lectures.

In the afternoon a meeting was arranged in the Cotton Belt depot by G. V. McNallie, marketing agent of the Cotton Belt, in charge of the train. J. A. Barton, county agent, as chairman of the meeting, introduced the speakers, V. R. Glazener, poultry specialist of the extension service of Texas A. & M. College, and O. G. Babcock, entomologist of the United States Department of Agriculture. Mr. Glazener spoke on getting maximum production from hens and preparing eggs for market, while Mr. Babcock talked about the control and life history of chicken parasites, especially the blue bug, for which he recommended carbolenium.

P. H. Walser, Cotton Belt dairy expert, found the visitors chiefly interested in balanced rations for increasing milk production, and second, in dairy equipment.

N. F. Mutzl, supervisor of egg inspection of the Western Weighing and Inspection Bureau of Chicago, reports producers and farmers interested in standardizing their products. Craig Rosborough, agricultural agent of the Cotton Belt assisted in this demonstration.

Funeral of Mrs. Mary E. Jackson Held Here Monday

Mrs. Mary E. Jackson, a citizen of Comanche for several years until her removal to Bonham about twelve years ago, died at Waco Sunday morning. The body, accompanied by several members of the family, was brought to Comanche Monday in the private car of the grandson of Mrs. Jackson, Homer Brower, general auditor of the M. K. & T. railroad, arriving here at 1:30 P. M. Monday and remaining on the car until 3:00 P. M., when funeral services were held at the Oakwood cemetery.

Mrs. Jackson came with her husband and family to Comanche in 1900 from Llano. Mr. Jackson died here in 1913, and shortly afterward, Mrs. Jackson with her daughter, Mrs. F. C. Bower, moved to Bonham, where they lived until about seven months ago when they went to Waco.

Mrs. Jackson was born at Bastrop, Texas, in 1839, and lacked less than a month of being 87 years old at the time of her death. She was before her marriage Miss Mary Elizabeth Barton. She was married in young womanhood to I. N. Jackson, and she and her husband had celebrated their golden wedding some time before his death. She also united with the church in early life and lived a Christian life for more than three score years.

Mrs. Jackson is survived by three sons and two daughters, Ewell Jackson of Dallas, Newt Jackson of Houston, Will Jackson of Bonham, and Mrs. F. C. Bower and Mrs. J. O. Lusk of Waco, all of whom were here Monday for the funeral. Among others here for the funeral were: Homer Bower and Mark Boone, grandsons, Mr. and Mrs. Walter Montgomery of Llano, Mrs. Max Marshall of San Angelo, Mrs. S. A. Stephenson of Austin, Mrs. Boone, and Miss Madie Belle Boone.

Funeral services were conducted by Rev. J. M. Wynne and Rev. Ben F. Hearn of Comanche and Will H. Evans of Bonham. There was a very large attendance of the friends and acquaintances of the family here, and the floral offerings were many and beautiful.

STURGESSES GO TO TAKE CHARGE OF BALLINGER STORE

Mr. and Mrs. J. C. Sturges bought a store at Ballinger last week and left the latter part of the week for that place to take charge of it. They still retain their interest in the Bettis & Gibbs store here and remain in general charge of the business with Mrs. Winnie Blatherwick as local manager.

Mr. and Mrs. Sturges have been identified with the business life of Comanche as among the most enterprising merchants and have built the Bettis & Gibbs store to its position as one of the most complete and up-to-date ladies' stores in any of the towns or smaller cities of Central Texas. The changing of their residence from Comanche is regretted, but their many friends here wish for them the greatest measure of success in their new location and are glad to know that their direct interest in Comanche will continue, notwithstanding their change of residence.

Mrs. S. F. Mason Dies At Mertzon At The Age Of 96 Years

Mrs. S. F. Mason, mother of Mrs. S. J. Hicks and Mr. Davis Mason of Comanche and of Mrs. Bledsoe of Gustine, died Sunday at her home at Mertzon, Texas, at the venerable age of 96 years. Funeral services and burial were at Mertzon Monday.

Mrs. Mason lived in Comanche county eighteen or twenty years, her home at that time being at Old Corna, but went to Mertzon about twenty years ago. She is remembered by many old time friends and acquaintances here.

Mr. and Mrs. S. J. Hicks, Miss Dudley Hicks and Mrs. Bledsoe of Gustine went to Mertzon in the early part of last week in response to a message telling of the serious illness of Mrs. Mason.

Davis Mason joined them there a little later and all were with her during her last hours.

SIDNEY WINNER OF COUNTY BASKET BALL CHAMPIONSHIP IN FINAL CONTEST TUESDAY

After winning the county basketball championship at the tournament held in Comanche last Friday and Saturday, Lamkin was held ineligible by Mr. Henderson, director of the State Interscholastic League, and the four teams beside Lamkin having made the highest scores at the county tournament played at De Leon Tuesday for final championship, Sidney coming out with the honors.

Lamkin was held ineligible because the entrance fee was not paid before the 15th of January, but was paid at the time of the team's coming to the county tournament.

It is stated that Director Henderson has returned this year 90 checks for entrance fees not received before the 15th of January, holding the schools ineligible because fees were not received before that date, these including one from the Junior High School of Fort Worth.

The teams playing at De Leon Tuesday were Comanche, Sipe Springs, Sidney and De Leon. The final contest was between Sidney and De Leon, Sidney winning by a score of 21 to 14. Sidney will represent Comanche county at the district meet at Brownwood Friday and Saturday of this week.

The tournament here Friday and Saturday was attended by good crowds and some interesting contests were witnessed.

The preliminaries were held Friday, the teams being paired and scores resulting as follows:

Comanche 15, Lamkin 4.
Duster 17, Beattie 28.
Newburg 4, Sidney 40.
Gustine 16, Hasse 21.
Downing 14, De Leon 19.
Comyn 6, Sipe Springs 10.

The teams therefore permitted to enter further contests in basketball as a result of the high scoring in the preliminary contests, with the points to their credit as indicated, were as follows:

Lamkin 24, Beattie 28, Sidney 40, Hasse 21, De Leon 19 and Sipe Springs 10.

From this list of schools further contests were arranged for entries in the finals as follows:

Lamkin vs. Sipe Springs—First quarter, Sipe Springs 0, Lamkin 19; second quarter, Sipe Springs 5, Lamkin 9, third quarter Sipe Springs 4, Lamkin 14, fourth quarter, Sipe Springs 7, Lamkin 12. Final score, Sipe Springs 16, Lamkin 54.

Sidney vs. Beattie—First quarter, Beattie 1, Sidney 17; second quarter, Beattie 2, Sidney 12; third quarter, Beattie 4, Sidney 7; fourth quarter, Beattie 9, Sidney 6. Final score, Beattie 16, Sidney 42.

Hasse vs. De Leon—First quarter, Hasse 5, De Leon 5; second quarter, Hasse 3, De Leon 8; third quarter, Hasse 1, De Leon 4; fourth quarter, Hasse 1, De Leon 6. Final score, Hasse 10, De Leon 23.

Sidney vs. Lamkin—First quarter, Sidney 6, Lamkin 8; second quarter, Sidney 0, Lamkin 2; third quarter, Sidney 2, Lamkin 8; fourth quarter, Sidney 9, Lamkin 4. Final score, Sidney 17, Lamkin 22.

The three teams that were successful in entering the finals were De Leon, Hasse and Lamkin.

De Leon beat Hasse by a score of 23 to 10, thus leaving De Leon Lamkin as contestants for the championship. The final game was intensely interesting, scoring as follows:

First quarter, Lamkin 3, De Leon 8; second quarter, Lamkin 2, De Leon 9; third quarter, Lamkin 6, De Leon 0; fourth quarter Lamkin 12, De Leon 2. Final score Lamkin 23, De Leon 19.

MARCH 26 AND 27 ARE DATES NAMED FOR COUNTY MEET

March 26 and 27 were set as the dates for the Comanche county Inter-Scholastic League meet by the executive committee in meeting here Monday afternoon.

More than forty schools have enrolled in the Inter-Scholastic League in this county and a large crowd is expected at the meet. The program and more complete details of the plans for the event will be given later.

A committee composed of W. G. Barrett, H. L. Gantz and Miss Ola Cunningham was appointed to arrange the details for the county meet.

LOCAL MERCHANTS VISIT THE MARKETS FOR NEW GOODS

Buyers from several Comanche stores are now in the markets and a great array of new spring goods will soon be in the local houses.

The merchants' showing of the new spring styles, with all the latest in wearables and materials will come in due time, and the big selling campaigns that may be expected will afford the people of Comanche county the opportunity for obtaining all the most desirable in new merchandise.

Paul A. Williams of Comanche and Grady Adams of Santa Anna left last Saturday for St. Louis to spend a couple of weeks buying for the Adams Mercantile Co. stores in the two towns.

Mr. and Mrs. J. C. Sturges and Mrs. Winnie Blatherwick are in the markets making the purchases for Bettis & Gibbs.

W. C. Cauley, Miss Culley West and Mrs. T. O. Shelley, returned last week from market where they did extensive buying for the Higginbotham Store and the new goods are beginning to arrive. A. M. Lovelace is still in the furniture markets, buying furniture for all the Higginbotham Stores.

W. R. and Hardie Slider left the first of the week for the eastern markets to buy spring goods for the Slider & Lacy store.

Are Interested in Building New Brick Hotel in Comanche

Parties interested in hotel construction and now engaged in building a big hotel in a northwest Texas town, have opened negotiations looking to the erection of a new brick hotel in Comanche, Secretary Anthony of the Chamber of Commerce states.

These negotiations have not come to a stage, it is stated, that would warrant any definite announcement being made, but the general and tentative proposition of the parties appears to be one on which the cooperation of the people of Comanche could be secured.

First National Bank Places Order For Terracing Level

The First National Bank placed an order this week for a terracing level, which will arrive in a few days and will be at the disposal of the farmers in this section who want to terrace their farms.

This is the third level bought for the free use of the farmers here recently, the Comanche Lions Club having ordered one three weeks ago and the First State Bank placing its order for one a little over a week ago.

The terracing campaign in Comanche county is being pushed vigorously by County Agent Barton.

Statement As To Candidacy In Error Says Carroll

The Austin American recently published an item stating that W. D. Carroll of Comanche had entered the race for State treasurer, as an "administration" candidate. Mr. Carroll states that he has not told anyone that he was or would be a candidate for the office, and that he has no idea entering the race, and that he positively will not be a candidate. Some of his friends (?) in Austin, he said, were responsible for the item in the paper.

Mr. Carroll has a host of friends in Comanche and other parts of the State who would have been glad to give him their support if he had seen fit to make the race.

Under the caption "W. D. Carroll enters race for treasurer as Ferguson man," the Austin paper said:

"First definite developments in an administration ticket for state offices were Monday, shown in the announcement by friends of W. D. Carroll of Comanche, that he is to seek election as state treasurer as an administration man."

"It is known that W. Gregory Hatcher, treasurer, will seek re-election."

"Mr. Carroll of Comanche has been solidly behind the Ferguson administration, from the beginning, his friends said. He was a candidate for the nomination two years ago, however, after C. W. Terrell was nominated, Mr. Terrell resigned the nomination, to become railroad commissioner, and the state executive committee selected Mr. Hatcher."

FELLOWSHIP

Mr. Enoch Lake happened to "a serious accident last Thursday morning while coming up to his son, Job Lake's. He was riding a horse and a dog ran out and grabbed the horse by the nose and the horse jumped and threw Mr. Lake. Three of his ribs were broken and he was otherwise injured. Two doctors attended him Saturday and said there was no chance but he is getting along very well at this writing. Hope he will keep improving.

Mr. and Mrs. Amos Tyson of Brownwood visited with relatives and friends in this community.

Gaylon Hicks stuck a splinter in his hand last Saturday and has blood poison in his hand.

Several from this community attended the show at Comanche last week.

Mr. and Mrs. Boldebeck visited the home of Mr. and Mrs. Jobe Lake Sunday.

Mr. and Mrs. M. B. Anderson of White Point were visiting with Mr. and Mrs. Clyde Allen Sunday.

Mr. and Mrs. Foster of near Newburg, spent Sunday with Mr. and Mrs. Clyde Goodsby.

Mr. and Mrs. Hollis DeWitt visited in the home of Mr. and Mrs. Clyde Goodsby Sunday.

TRY POULT INSTEAD OF POULTRY

Poult is a Turkish word derived from turkey, meaning a young chicken or turkey. Tree is a Comanche word meaning to grow up; branch out and leave. Join the two, we have "poultree" as it is pronounced, meaning chickens grow up, branch out and leave. Webster defines it poultry. Get the "try" meaning an endeavor, attempt or testing; in other words, chicken testing. I say it should be "try-poult," for the testing has been done and we know there is money in chickens. So I urge every person, old or young, to try-poult.

I hope you finish this article, for I am going to give you some interesting information; more so than Will Rogers; I'm going to tell the truth.

In December 1923, I purchased 12 eggs for setting; paid 33 1-3 c a piece; got them at about half price as it was out of season; bought a hen for \$1.00 as an incubator. I raised 10 chickens to maturity; 4 pullets, 6 cockerels; practically raised them on scraps from table. Sold five of the cockerels for \$30; 3 at \$5 each and 2 for \$7.50 each. I have the four original pullets, which are good laying hens, and one rooster. These I value at \$22.50. This makes a total of \$52.50 from a \$5.00 investment in foundation stock. This does not include eggs laid during that year, 1924, but these four pullets started laying in September, and laid all our table eggs up to January 1, 1925. Then I bought 4 pullets for \$16. This made a pen of eight pullets. From this I hatched 180 chickens during three months trapesting, January, February, and March. These eight pullets averaged 20 eggs each per month.

I have sold down to fifty layers and seven cockerels.

Following is an exact account of paid out and cash returns from January, 1925, until present:

Paid out:	
179.80	--- feed and disinfectants
25.00	--- adv.
16.00	--- eggs for hatch, mkt price.
12.09	--- material and labor
9.75	--- commercial hatchery
242.64	--- Total

Cash Returned:	
151.62	--- chickens sold, etc.
92.35	--- eggs, mostly market price
243.97	--- Total cash returns

This is a mighty good record from a business standpoint, for I have a flock of thoroughbreds I value at \$500.00, all paid for and \$1.53 to buy candy for the baby. Also all houses and pens paid for out of profits from my chickens in 1924. And the chicken season is just opening and you can not figure profit until the hatching season is over.

You have to feed a chicken a year to make her lay, and lay a year to get the profit. People that quit the chicken business at this stage are the ones that quit the crop before it is harvested.

My sales the past 21 days from my flock has been \$73.20. I am ex-

pecting to make a profit of \$300 the next four months, and this is a small estimate.

Any business that will pay for itself in one year is a good business. A farm that will pay for itself in one year is a good farm. If you raise a flock of chickens and pay for them in one year you are making good money. That's what my wife has done. Your wife can do the same. So if you are not afraid of being a hen-pecked husband, try-poult-tre.

This is our first experience with chickens and next year I figure we can cut our expenses 1-4, especially on feed.

By request.—Robt. L. Riley.

ARE YOU SICK?

Mrs. Blank is up the Miff Tree
On a seat fixed good and firm:
And she'd like to tell the Pastor
A few things and make him squirm.

Mrs. Blank was sick abed, Sir,
Yes sir, sick abed a week,
And the Pastor didn't call, Sir,
Never even took a neek.

Wasn't that enough, enough, Sir,
To provoke a saint to wrath?
And to make a Christian Pilgrim
Wander from the churchly path?

When I asked her if the doctor
Called to see her, she said "Sure,"
And she looked as if she thought I
Needed some good strong mind cure.

Then I asked her how the doctor
Knew that sickness laid her low,
And she said she had called him
On the 'phone and told him so.

So the doctor called to see her.
But the pastor didn't go,
For the doctor knew that she was ill
And the pastor didn't know.

Now, the doctor gets his bill paid
With a nicely written check,
But the pastor, for not knowing,
Simply gets it "in the neck".

Fight Them From the Start

Raising Cotton in Comanche County under Boll Weevil Conditions

WEEVILS COME OUT OF HIBERNATION

The weevils begin to come out from winter quarters as soon as the cotton is big enough to furnish food.

Many of these early weevils die before the squares begin to form on the cotton.

These squares will begin to fall about five to eight days after the weevils have laid eggs in them.

The first squares usually fall just about the time of the appearance of the first blossom, or a little before.

It takes the weevil about twenty days to hatch out from the time the egg is deposited in the square.

The shortest time is probably 16 days, while it may require as much as 30 days. It all depends on the weather. The average is not far from 20 days.

If all the squares are picked during the 25 or 30 days after the weevils first begin to lay, very few eggs will be left to hatch out, and a crop of cotton will be made before we have any more trouble.

If

YES, If you are going to fertilize during 1926 you must place your order soon.

I WILL SOON ORDER MY FERTILIZER SHIPPED and as I will probably be the only man shipping car lots to Comanche this season, it will be necessary for me to have your order soon if you wish to join me.

**Why
Hesitate**

IF EACH DOLLAR INVESTED IN FERTILIZER will produce \$2 to \$5 extra money, why delay?

That it is profitable to use fertilizers—especially on sandy land—is not questioned, even under adverse conditions; while during a wet year, as 1926 promises to be it will prove wonderfully profitable.

Suppose you try out ten or twenty acres—You will most assuredly be pleased. By ordering with me you get car load prices plus a small amount to cover actual cost of handling.

I am offering free of charge, my experience and services for the sole benefit and betterment of Comanche county and her citizenship.

How To Quickly Stop Bad Coughs

It is often surprising how quickly the heaviest cough disappears when treated by a remarkable new method.

Here is the method, based on the famous Dr. King's New Discovery for Coughs: You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals irritation, but also loosens and removes the phlegm and congestion which are the real cause of the coughing. So the severest cough soon disappears completely.

Dr. King's New Discovery is for coughs, chest colds, bronchitis, spasmodic croup, etc. Fine for children, too—no harmful drugs. Very economical, as the dose is only one teaspoonful. At all good druggists. Ask for

McDonald Birch Young Magician Coming Feb. 16

McDonald Birch, the youngest magician on the American stage today, will appear in Comanche at the high school auditorium on Tuesday night, Feb. 16, under the auspices of the Senior class of the Comanche High School.

Mr. Birch, although unusually young for a man in his position, has attained international recognition as a magician and illusionist of exceptional merit. His pleasing personality and appearance and his brilliant presentation of feats of magic and illusion, have won for him thousands of friends over the United States. His program is sparkling with wit and humor and his routine of stunts invariably leaves his audiences gasping in wonder. McDonald Birch has put to rout many spiritualists by his ability to reproduce by natural means all the so-called "spiritual manifestations."

ANITA STEWART IN "NEVER THE TWAIN SHALL MEET"

Monday and Tuesday
"Never The Twain Shall Meet," Peter B. Kynes enchanting story or the South Sea Islands, will be shown at the Majestic Theatre for two days, beginning Monday.

This picture, a Cosmopolitan production, directed by the celebrated French director, Maurice Tourneur was pictured in Tahiti and Moorea, two of the famous islands of the South Sea group. The cast includes such prominent players as Anita Stewart, Bert Lytell, Huntley Gordon, Justine Johnstone, George Siegmann, Lionel Belmore, William Norris, Emily Fitzroy, Princess Marie de Bourbon and Florence Turner.

Perhaps never in the history of moving pictures has there been a story filmed against such gorgeously beautiful backgrounds as those which appear in "Never the Twain Shall Meet." Filled with all the magic and romance associated with life in the South Seas, this photo play sounds an entirely new note in the literature and drama of motion pictures.

In the role of Tamea, the half-caste island princess, Anita Stewart appears in a characterization thoroughly suited to her enchanting personality—a portrayal which calls for many phases of dramatic intensity, varied with comedy situations. Bert Lytell plays opposite Miss Stewart in the role of Dan Pritchard.

The production is lavish in the extreme, and as the picture develops on the screen there is a breadth and freedom, a tropical magic and a pictorial panorama of loveliness never before visualized with a moving picture camera. In addition to a wealth of scenic beauty there is an equal beauty in the exotic interior setting, designed by the masterful hand of Joseph Urban.

JAMES CRUZE'S
BEGGAR ON HORSEBACK
Wednesday

By all odds the gayest satire ever to play on New York boards comes to the Majestic Theatre on Wednesday as a James Cruze production for Paramount—"Beggars on Horseback," adapted for the screen by Walter Woods from the Broadway stage hit by George S. Kaufman and Marc Connelly. Edward Everett Horton and Esther Ralston are featured in the leading roles.

The plot revolves around Neil McRae, a temperamental musician of high ideals but poor business judgment who faces a problem of whether to marry a flighty rich girl, whom he does not love, or to marry the talented but poor girl, whom he does love.

He falls asleep and in a nightmare fantasy he marries the rich girl; but he is so harassed by his wife and "in-laws" that he has no time for his art. Business, social, court and home scenes are presented in exaggerated, good-natured satire, with the characters burlesqued as dream characters are likely to be. He is driven to murder the rich girl and all her family with a paper knife, and as a punishment is sentenced to write popular music. He finally rebels and his execution wakes him up. He is now positive he wants poverty and the girl he loves.

CHARLIE CHAPLIN IN
A DOG'S LIFE
Thursday and Friday

A derby hat.
Baggy trousers.
Tight waistcoat.
Spread-eagle shoes.
Trick cane.
They're all at the Majestic Theatre Thursday and Friday. Of course they could belong to none other than the world's greatest comedian, Charlie Chaplin.

The title of the picture is "A Dog's Life," and it deals in a screamingly funny way with the efforts of Charlie as a vagabond to get himself a farm, a wife and something to eat once in a while. That he eventually succeeds is due in no small part to a mongrel pup, also a vagabond, who shares Charlie's gravel mattress in a vacant lot and who eats when Charlie eats. Charlie and the dog don't look so prosperous, but they do not hesitate to enter a dance hall and join in the festivities. Charlie opines that the owners can't do any more than throw them out. This they do, but the two boon companions come back with a vengeance and Charlie flashes a bankroll, which the dog unearthed in a vacant lot that is gazed upon with wanton eyes.

An all laugh program has been arranged in connection with the Chaplin picture which is in four reels, a two-reel comedy, "A Scientific Husband," and a two-reel comedy drama, "A Business Engagement" will be shown, making eight reels of comedy.

Clip this ticket and when presented with another paid 25c ticket will admit one lady FREE. NEXT WEDNESDAY.

A committee was appointed to look out for a missionary for the association to fill the vacancy caused by the resignation of Rev. J. E.
